

Beauty in a Basket for Carson City!

91 baskets are planned in downtown Carson City and throughout Carson City - get yours today or be a sponsor and enjoy a “sponsored by” sign in downtown!

A terrific partnership effort by and between many, many folks is determined to continue and elevate the downtown flower basket program. Started long ago by Supervisor Robin Williamson and supported by Redevelopment the baskets have been concentrated just in downtown. Today that program is transitioning to be self-funded and expand throughout town.

With an eye toward the horticultural arts the Carson City Cultural Commission (supported by the Carson City Downtown Consortium, local businesses and citizens) seeks to bloom where it is planted! Like the baskets that adorn the grounds of the Summit Sierra Mall in southwest Reno, new baskets, brackets and sponsorship signs will accommodate new plant varieties and color themes to deliver a similar lush look to Carson City’s downtown streetlight poles and our all-over-town buildings

The arts are everywhere and belong on display. Carson City has an opportunity to celebrate and showcase the horticultural arts. I can hardly wait for June!
